Beagley Family

Holds Re-union at Morocco, Ind.

The second annual reunion of the Beagley family was held at the home of Frank Beagley, who lives on the Eaglemead Stock farm north of Morocco, Indiana recently.

The place of meeting was an ideal one. The intermitting showers didn't interfere with the day's plans for ample room was provided for more than seventy members of the family. Tables were arranged in the spacious rooms which were artistically decorated with the flowers of the season—golden rod and asters—so much in harmony with the picturesque setting. Mr. and Mrs. Beagley had previously planned for the event and were ready to receive their guests as they arrived during the morning. At the noon hour the tables were bountifully loaded with food and the noon day meal was most heartily enjoyed by all the participants.

Mrs. Samuel Hays represented the only living member of the Thomas Beagley family. Those present were Mrs. Samuel Hays, Elizabeth Hays, Elizabeth Kemper, Mr. and Mrs. James Lyons and daughter, Mrs. Thorpe Beagley, Mr. and Mrs. Winfred Beagley and daughters, Mr. and Mrs. Leonard Beagley and family of Brook, Indiana, Mr. and Mrs. Frank Beagley of Morocco, Indiana, Mr. and Mrs. Bruce Beagley and family of Indianapolis, Mr. and Mrs. John Bettz of Gibson, Mr. William Beagley and sons Raymond, Leonard and Howard, Mr. and Mrs. Arthur Beagley and son, Mr. and Mrs. Immanuel Marti and family, Miss Viola Beagley, Mr. and Mrs. Clarence Beagley, Miss Grace Beagley of Orland, Mr. and Mrs. Herbert Beagley and sons, Mr. and Mrs. Gilbert Dohl, Miss Kate Beagley, Mr. and Mrs. John Getty and daughter, Mr. and Mrs. Toncray, Mr. and Mrs. Clarence Gorham, and Mrs. A. McCarty of Chicago. Two guests were present, namely Miss Elsie Seivert and Mr. Gordon Powell of Orland.

The guests adjourned late in the day after organizing and having their business meeting. Mr. Wm. Beagley of Orland was elected president, Elizabeth Hays, Secretary and Treasurer and Frank and Herbert Beagley to serve as committee men to help provide for the next annual reunion which will meet at some appointed place the Sunday preceeding Labor Day next year.

Family Altar Is Advocated At Big Brotherhood Meet

The Brotherhood convention of the Evangelical churches of the Monee Federation held at the Immanuel Evangelical church at Peotone Sunday afternoon was very largely attended. Brotherhoods represented were from Monee, Chicago Heights, Grant Park, Champaign, Kankakee, Peotone, Mokena and Frankfort. The latter was represented by 51 members, Mokena by 21 members. The national Brotherhood convention held at Buffalo in the past summer was much emphasized. It was shown that some of the things that it is aimed to bring about is the establishment of a family altar in the homes of Brotherhood members and the creation of men's Bible classes with Brotherhood members constituting the various classes of men. Frankfort and Chicago Heights both extended invitations that the annual Evangelical Day usually attended by 5,000 people, be held in their towns. A committee on invitations will select the town to be favored with the big meeting. Rev. Gabe of Monee and Rev. Eihlers of Peotone both gave interesting talks. A donation of \$100 was made to the Evangelical Home for Epileptics at St. Charles Mo., and a like amount was donated to the Eden Seminary at St. Louis, Mo., by the Monee Brotherhood Federation. At the close of the convention the ladies of the church served supper in the church parlors. The convention was an enjoyable and profitable one.

Orland Jury Finds Jeff Ludwig Not Guilty of Speeding

Last Wednesday evening about 100 Orland Park citizens wended their way to the village hall, there to sweat and perspire packed as closely as sardines, until that great trial should come off, while Jeff Ludwig should be hanged, quartered and given to the birds to feast upon. Promptly after waiting 45 minutes the court opened with magistrate S. S. Knox presiding. A. H. Krusemark of Frankfort was the defendant's attorney. The plea, well there was none, because the attorney for the defense claimed there was no legal arrest, no warrant had been served, therefore asked that the case be dismissed. Motion over ruled by the court. Mr. Willard was then appointed constable for the evening, after much legal wrangling. The first venire of jurymen (Mr. Krusemark demanded a jury trial) only developed three men. (Until the panel had been completed about 20 men were called, the prosecuting attorney making use of 3 preemptory challenges and the defense two. The following made up the panel: Mr. Heald, Pete Homering, Christ Habenicht, Albert Habenicht, George Uthe. The officer was called—but before we forget—then and there the warrant was first completed. He testified that Jeff was crossing the Wabash at 35 miles and went as far as Raney's lane, when he slowed down to 10 miles to turn back. The officer stopped Jeff and was writing out a ticket when Jeff told him he didn't have any time. He then turned back to Judge Knox's house where the officer entered and Jeff politely went his way. Thereupon Jeff testified that he had to stop at the tracks because a Wabash train was switching and then crossed going between 20 and 25 miles to the Lutheran church and then 30 to 35 to Raney's lane. The officer then started to write out a ticket when he told him he didn't have time, then they went to the home of the judge where the officer called and Ludwig waited about two or three minutes and then drove slowly away. His statement was corroborated in detail by Tom Davidson. Thereupon both attorneys opened the gates of rhetoric and each one called the other incompetent and inexperienced. After the closing argument the case was given to the jury and the audience who had not dared to even breathe during the 4 hours of the trial, was politely told to remove themselves and then had the first opportunity to get a little fresh air. The jury deliberated verdict of not guilty. Great was the rejoicing. The case was ably handled by Judge Knox this being his first experience to try a case before a jury.

Operators of Frankfort House of Ill Fame Draw \$100 Fine

The notorious house of ill fame which operated on the old Peter Scheer farm north of Frankfort and which was put out of business by a raid conducted by a group of Frankfort citizens was in the lime light again Tuesday when the cases of three women and a youth arrested as inmates of the place, appeared before County Judge Ralph Austin. Mary Walker and Marie Snider pled guilty and were fined \$100 and costs and remanded to the Will County jail. Edith Haldeman and Tony Longue were released without fine. All of these parties were fined \$200 and costs by Justice Frank J. Kohlhausen before whom they were brought the morning of the raid. Not having the money they were lodged in the county jail where they remained for ten days until they got some

one to go their bail bonds. Immediately after they were placed in the county jail they were re-arrested on information filed against them in county court. They were successful in getting out a writ of habeas corpus which showed that the Frankfort trial was illegal because court was held on Sunday and this contention was upheld by Judge Hill of the Circuit Court. But regardless of legal technicalities the evil doers have been punished and Frankfort has gotten rid of a hell hole of iniquity and it is to be hoped that such a rotten mess will not dare raise up its head any more in Frankfort township. The men who saw to it that vice was stopped in the bud in Frankfort township deserve the thanks of the entire community.

Miss Viola Beagley Autum Bride

Mr. William Beagley of Orland Illinois, announces the marriage of his daughter, Viola, to Mr. Gordon Powell, son of Mr. and Mrs. E. M. Powell, Manhattan Road, Joliet, Ill., on Tuesday September 14th.

The ceremony was performed in the home of Rev. Neumeyer, 4948 Indiana Ave., Chicago, Ill. They were attended by Mr. and Mrs. W. A. Willard, the latter being a sister of the groom.

The wedding party was entertained at dinner in the home of Mr. and Mrs. A. C. Liebing, 3930 North Richmond St., Chicago, Ill. after which Mr. and Mrs. Powell left on an extended trip thru Wisconsin.

After October 15 they will be at home to their many friends in Orland.

This marriage unites two of the oldest families of Orland and Palos Townships.

Mrs. M. Damman Dies at Frankfort

Mrs. Minnie Dammann, aged 75 years, almost a life long resident of Frankfort, passed away at her home in that Village, Monday evening. She had been ill since last March.

She is survived by one daughter Mrs. Sadie Widup of Plainfield, 2 sons, Henry and Albert of Frankfort.

Funeral services were held Thursday afternoon from the late home to the St. Peter Evangelical church Rev. G. Gerhold officiating. Burial in Pleasant Hill Cemetery.

Escape Hurricane

A number of former Mokena people residing in Florida concern was felt for their safety following the hurricane which swept across the southern part of that state.

Telegraphical reports have come that the Geo. Cooper Jr., and Howard Gorham families residing in St. Petersburg are safe. Some property damage is reported.

Frankfort Red Cross Helps Relief Fund

The Frankfort chapter of the Red Cross has sent in a good contribution to the Florida Hurricane Relief Fund. Anyone wishing to make any personal donation can do so by remitting directly to the Home Service Section of the Red Cross, 301 N. Ottawa Street, Joliet. Money is needed the most at the present time.

What are the immediate results? This case clearly showed that if the laws are to be enforced in this man's town the law enforcers then must first of all be sure they are handling the case according to law. They cannot expect the boys to obey if as was brought out at the trial, the enforcers themselves are at fault. This case does not give anyone the right to speed in Orland, but it also does not give any one the right to make a speed trap out of 143rd street. Now let us get down to brass tacks and enforce all laws to everyone and not let a few try to make laws for others and themselves not abide by them.

L. G. Bruder Has Enlisted Aid of Sen. Barr in Fare Fight

L. G. Bruder of New Lenox and Frankfort townships has opened a very aggressive fight for the reduction of fares on the Rock Island between Mokena and Joliet for high school students. Mr. Bruder's latest move is to enlist the aid of Sen. Barr in the matter. Following is the correspondence of Mr. Bruder with Sen. Barr:

Mokena, Ill., Sept. 20, 1926.
Honorable Richard J. Barr,
Springfield, Ill.

My dear Mr. Barr:

I am taking the liberty of writing to you to ascertain if you will be kind enough to give us your valuable assistance in securing commutation rates between Mokena and Joliet, Illinois.

At the present time the Rock Island refuses to sell commutation tickets between these points and our children who are attending the Joliet High School have to pay a fare of 40 cents for a one way ticket which I contend is unreasonable.

I have taken the matter up with the Illinois Commerce Commission covered by their file R-4-1960.

Inasmuch as Mokena is in suburban territory it seems to me that the Rock Island should be compelled to furnish 25 ride tickets and also school tickets between these points.

If you will be kind enough to give us your valuable assistance I am positive we can accomplish what we are after and which I assure you will be appreciated by the residents of Mokena and will only be too glad to reciprocate at any time. May I have the pleasure of hearing from you at an early date?

Yours very truly,
(Signed) L. G. Bruder

The reply of Senator Barr:

My dear Mr. Bruder:

Your favor of the 20th instant, concerning commutation tickets, duly received. I am required to be in Springfield the most of this week but on my return to Joliet, will be glad to take up your matter with the Rock Island and will do all I can to help.

Respectfully yours,

(Signed) R. J. Barr
Acting Governor

Mr. Bruder has also written the following letter to the Illinois Commerce Commission, Springfield, attention of Mr. H. M. Slater:

Gentlemen:

Have your favor of September 15th file R-4-1960 in regard to securing commutation tickets between Mokena and Joliet.

I find that the Rock Island railroad will sell 46 rides school tickets between Mokena and Midlothian, price \$8.17 but there is no High School at Midlothian and I am informed that these tickets are for children who wish to attend a Parochial school at Midlothian.

If the Rock Island Railroad will sell school tickets between the above points, why should they be compelled to sell school tickets between Mokena and Joliet where our children attend public High School and for which we pay a school tax.

May I inquire if you have heard from Mr. Allen, Vice President of the Rock Island Railroad. We would like very much to get this matter settled so that we can secure tickets for our children be-

SEASONABLE FOODS

The tender new cabbage which is now on the market makes a vegetable which is delicate and full of flavor. But to cook cut into halves or quarters according to the size, removing the hard core. When cooked in as little water as possible, or better, steamed, dress with cream or milk and butter, season with salt and pepper and serve. Grated cheese added to the hot cream adds much to the nourishment of the dish as well as its flavor.

Nut Loaf.—For those who enjoy the meatless diet this recipe will appeal: Take three cupfuls of flour, three teaspoonfuls of baking powder, two-thirds of a cupful of sugar, one cupful of milk, a teaspoonful of salt and one egg well beaten, one cupful of pecan meats. Sift the dry ingredients, add milk, egg, and nuts. Pour into a greased pan and let stand twenty-five minutes. Bake in a slow oven nearly an hour. Nice for sandwiches with a salad, making a well balanced meal with a hot drink.

Spiced Tongue.—This is preeminently a warm weather dish, but seldom seen served in any home. Drop a fresh beef tongue into boiling water to cover, add a pinch of salt and a small pepper pod. Cook gently until the tongue is tender. Remove from the broth, cool and peel off the skin. In a saucepan with four tablespoonfuls of sugar, one tablespoonful each of ground cloves, allspice, and one cupful of water, and one-half cupful of vinegar, simmer until the liquid is entirely evaporated. Turn the tongue often. Chill and cut into thin slices and garnish with lemon and parsley.

Cucumber Soup.—Peel and slice two large cucumbers, remove the seeds and boil in salted water for ten minutes. Melt two tablespoonfuls of butter in a deep frying pan, put in the drained cucumber, cover and cook gently for half an hour; drain, put through a sieve. Mix two tablespoonfuls of butter with two of flour, add a quart of white stock and a pint of milk, add the cucumber and simmer for a few minutes. Beat the yolks of two eggs with two tablespoonfuls of heavy cream, add to the soup and serve at once.

Riches are so great a temptation to ease and self-indulgence, to which men are by nature prone, that the glory is all the greater of those who were born to ample fortune, nevertheless take an active part in the work of their generation. Keeping busy, doing something worth while, saves many a doctor's bill and many hours of suffering.

Children's Lunch Boxes.

Packing a school lunch box five days a week for thirty weeks or more on a stretch is powerful constant and monotonous. Of course children to do good work must be well nourished and when possible it is best to give them a warm dinner at night. For the outdoor worker and the office woman the lunch must vary in quantity and somewhat in quality, but there are general directions which will apply to all lunch packing.

There is no one who is so blind to the niceties of life that he does not appreciate a well-prepared and packed lunch, though it be nothing but a sandwich. Throwing together a mess of food, totally unrelated, mixing flavors and making a messy, unsightly appearance would disturb the digestion of an ostrich.

The daily sandwich is almost a necessity, though at times scoop out a roll or two and fill with a salad, not too moist, which will make a most palatable dish.

Personal tastes must always be taken into account when preparing a lunch basket.

The one who likes a hot or cold drink can carry it in a thermos bottle. For those who are fond of fresh ripe tomatoes a most appetizing sandwich may be prepared. Place a slice of tomato, a thin slice of cheese, with a little salad dressing between slices of buttered bread. Two of these with two of some other variety, with a cup cake and an apple or other fruit will make a good lunch with a glass of milk.

In many of our country schools where domestic science is taught the children prepare one hot dish at noon. This helps out the mother with her lunch packing.

Two sandwiches of bread and butter with jam or jelly and two of chopped ham and a glass of apple salad, a piece of ginger bread and a cup of hot cocoa is another good day's luncheon.

A handful of nuts, a few dates, a piece of candy, a fresh apple, pear or banana will always delight the child.

Those of us who can remember when we carried a lunch to school, what a thrill we had on finding down in a corner or hidden carefully a small treat all wrapped away to surprise us, will be happy to do the same willing service for those who must carry lunches.

Lesson for September 26

REVIEW—EARLY LEADERS OF ISRAEL

GOLDEN TEXT.—Let us run with patience the race set before us, looking unto Jesus, the author and finisher of our faith.—Heb. 12:1, 2.

PRIMARY TOPIC.—Favorite Stories of the Quarter.
JUNIOR TOPIC.—Stories of the Leaders of Israel.
INTERMEDIATE AND SENIOR TOPIC.—Striking Incidents of the Quarter.
YOUNG PEOPLE AND ADULT TOPIC.—The Main Teachings of the Quarter.

It is strange that the lesson committee should have selected the title "Early Leaders of Israel" when only Moses appears. A better title would have been "Moses, the Leader of Israel." In such a case consideration should be given to Moses' life, character and teaching. Indeed, a good method of review would be to use this plan for the quarter's lessons. Another method of review would be to give a synthetic view of the book of Exodus, since all the lessons of the quarter are taken from that book. However, for the senior and adult classes the best method will be to recall the principal fact and then state the leading lesson of each Sunday's lesson of the quarter. To aid in this, the following suggestions are given:

Lesson for July 4.

When the time drew nigh for God to deliver His chosen people He caused them to multiply greatly. Envy and alarm incited the new king to institute measures to check Israel's increase. The attempt to carry these measures out not only displayed their futility but brought to be sheltered and nurtured in the king's palace the very one who later upset Pharaoh's throne.

Lesson for July 11.

When Moses was born, his mother perceived that he was a child of destiny. The king's edict was that every male child should be destroyed, but the faith of his mother moved her to hide him. When no longer able to hide him he was preserved in an ark of bulrushes and taken in charge by Pharaoh's daughter. At the suggestion of Miriam, his mother was called as a nurse. He was educated both at his mother's knee and in the Egyptian court.

Lesson for July 18.

While Moses was keeping Jethro's sheep, God appeared to him in a burning bush and commissioned him a deliverer of His people. Moses faltered but God patiently heard and met his difficulties.

Lesson for July 25.

In memory of the great deliverance of Israel from bondage, the passover was instituted. All who were under the blood were saved from the destroying angel.

Lesson for August 1.

God permitted the Israelites to get into straitened circumstances after leaving Egypt, in order to teach them to trust Him and also to lay a snare for the enemy.

Lesson for August 8.

Before going far into the wilderness the people lusted for the fleshpots of Egypt. God answered their murmurings by giving them quails and manna to eat. Christ is the true manna sent down from God to man. Those who eat of his bread shall never die.

Lesson for August 15.

Jethro, seeing Moses completely occupied with the judging of Israel, advised that Moses should be to the people Godward and that all the weightier matters should be cared for by him and that suitable men should be appointed to judge the smaller matters. God's work should be carefully organized so as to relieve his ministers of unnecessary burdens.

Lesson for August 22.

To love God with all the heart, soul, strength and mind is the fulfillment of the first four commandments of the Decalogue.

Lesson for August 29.

Loving our neighbor as we love ourselves is the fulfillment of the last six commandments of the Decalogue. Supreme love to God and love to our fellowman as we love ourselves is the sum total of human duty.

Lesson for September 5.

God through Christ dwells in the midst of His people—just as He did in the midst of Israel in the tabernacle.

Lesson for September 12.

In carrying on of God's work all should offer willingly such gifts as they have.

Lesson for September 19.

Disobedience to God's laws always brings calamities, while obedience to God's law is always accompanied with blessings.

In drilling an oil well recently near Medicine Hat, a stratum of fish and shell fossils was found. The fossils were struck at a depth of 3,720 feet, and it was apparent that they were being washed into the well. Other finds were reported. Say Mass in Honor of Spirits of Elephants

A Buddhist mass was recently held in Tokyo for the spirits of all elephants that have supplied ivory for ivory carving in Japan. Members of the Tokio Art Objects Dealers' association and ivory carvers assembled at Kokoku temple for the ceremony. Fifteen prizes opened the service with the reading of Buddhist prayers. A large monument was also unveiled in honor of the spirits of the departed elephants. The president of the association said: "We who obtain our living from this ivory cannot help feeling grateful to the elephants which have been furnishing materials for us to work with. It is for this reason that we comfort their spirits by holding a mass for them. We think we also do honor and comfort to the spirits of our ancestors, who were likewise in the ivory trade. We wish all artists and dealers in ivory objects to visit the monument as a shrine when they come to Tokyo."—Pathfinder Magazine.

Plans for remodeling the double garage, at St. Michael's into a five room bungalow, to be used as a rectory, have been suggested and are being executed. A building which has been used for storage purposes, will serve as garage. Rev. W.A. Gorey, pastor, evidently sees no reason why one, who happens to be highly educated and has traveled thru Europe, Africa, and the United States, should not don overalls and with hammer and saw, take an active part in the erection of a future home.

The St. Michael's Branch of the Holy Name Society, which was very successfully organized recently, is preparing for its first election of officers. Several members attended a general meeting Sunday at Joliet.

Many relatives and friends from Palos and Orland attended the funeral of Mr. Ray McGinnis, at Sag Bridge, Friday the 17th. Those of his immediate family left to mourn his death are his wife and two sons Jack and Edwin.

Mr. and Mrs. Peter Hoster enjoyed an automobile trip to Michigan recently and visited relatives.

Mr. and Mrs. Williams are planning the erection of a residence on 143 St., at the end of the village. We prophecy that Mr. and Mrs. Williams will not be lonesome on this Point Lookout, as it has ever been the stopping point of sightseers from the city. A most beautiful and extensive view of hills and valleys may be here obtained.

The bazaar of Oct. 6th and 9th is eliciting many inquiries, especially about the dinners. Every one knows what sumptuous repasts are served at Harvest Time Bazaars. What deliciously tender chicken. What perfect vegetables. Oakes unstinted in condiments. Pies bursting with perfect fruits and berries. The housewives perfect biscuits. Golden coffee, thick yellow cream. An unbelievable assortment of wonderful delicacies and—best of all, "Help yourself." And there will be a Country Store where, as in all Country Stores, purchases, from a dill pickle to a set of false teeth, may be most reasonably obtained. Beautiful hand work, made by the Sewing Circle members, will be exhibited and sold. There will be games and fun of every description. The entire congregation is co-operating and the entire countryside is planning to participate.

THE STORMING OF THE GATES

This picture is typical of many such scenes enacted daily at the main gates of the Sesqui-Centennial International Exposition in Philadelphia where the 150th anniversary of the signing of the Declaration of Independence is being celebrated. The "shot" was made from outside the gates and shows the long sweep of historic Broad street, the main artery of the exposition. To the left can be seen one of the capitol of the Palace of Liberal Arts and Manufactures which covers nearly eight acres of grounds and which houses some of the finest exhibits ever seen. The Exposition will continue until December 1.

ORLAND

Orland Park had quite a lot of excitement last Wednesday which at first was very much mixed up but in the final analysis the case was as follows: An Essex Coach was being driven west on 143rd Street by a young man accompanied by two young high school girls of Chicago. They were driving in a leisurely fashion as is the custom of lovers. They were obliged to stop at the crossing on account of a freight train passing by. Suddenly there zoomed out of the east a taxi cab going at the rate of 50 miles an hour. Brakes screamed and the men in the taxi jumped and pulled our Adonis out of the Essex and walloped him one in the jaw. Next were the girls. One got a good smack on the face and the other one would have got it also if she had not ducked in time. Upon inquiry it was found that the occupant of the taxi claimed the girls had stolen the car. They were all held until the arrival of the highway police. One of the men claimed to be a justice of the peace of Bremen township, but had no star and no credentials to show any authority at all. It developed that the girls had been asked by Mr. Ryan to take a ride into the country, and knowing him they went along. He is said to have stopped at some roadhouse and offered the girls drinks which they refused. He became somewhat unbalanced on the starboard side and is alleged to have made advances to the girls. He then left them with his car to get a taxi to look over some roadwork he had to do. Meanwhile the girls took the car and picked up their boy friend and took a ride, when Mr. Ryan overtook them. All were taken to Justice Park where the girls were given a talking to by the judge and sent home in a taxi. The owner of the Essex was held on charges preferred by the girls and their boy friend and the would be justice of Bremen will loose his job.

Meetings are being held in the town of Orland relative to creating a new drainage ditch to start at the Frank Sayers farm at Alpine and run up to the Alfred Schilling farm.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

Modern Girl Knows All About Gasoline

The night was black, the road unfrequented so early in the morning. Suddenly the motor gave some convulsive sobs and the car stopped. Bill, much perturbed, made an earnest effort to start the engine but failed. After getting out and looking over the engine, he turned to Betty and said:

"This is sad. The gasoline tank seems to be full of water and we can't move a foot."

Betty was far less perturbed. She replied:

"Come on inside and stop looking worried. This has happened to me before. All we have to do is sit in the car for about an hour and the water turns right back into gasoline."—Los Angeles Times.

Her Capering Mind

W. E. S. writes that while passing by a flock of sheep and lambs with his little daughter recently he remarked: "We could have a leg of mutton now from one of those sheep, if we had some capers." "Perhaps, daddy, the lambs will supply the capers," came the ready reply.—New Haven Register.

HOW I IMPROVED MY HEALTH

Did It in Less Than One Month

As Mrs. Weaver herself says, "I was never very strong." This is a mild statement describing her condition, for, according to her letters, she was subjected to no small amount of ill health. Fortunately, her sister was familiar with Lydia E. Pinkham's Vegetable Compound and begged Mrs. Weaver to try it. "After three or four weeks," writes Mrs. Weaver, "I felt a great difference in myself. I would go to bed and sleep sound, and although I could not do very much work, I seemed stronger. I kept on taking it and now I am well and strong, do my work and take care of three children. I sure do tell my friends about your wonderful medicine, and I will answer any letters from women asking about the Vegetable Compound."—Mrs. LAWRENCE WEAVER, East Smithfield St., Mt. Pleasant, Pa.

If you knew that thousands of women suffering from troubles similar to those you are enduring had improved their health by taking Lydia E. Pinkham's Vegetable Compound, wouldn't you think it was worth a trial? In some families, the fourth generation is learning the merit of Lydia E. Pinkham's Vegetable Compound.

Bruder Fights for Fare Reduction

(continued from front page)
gaining October 1st.

May I have your co-operation?
Yours very truly,
L. G. Bruder.

Mr. Bruder has also written the
following letter to the Joliet Her-
ald-News:

I want to thank you for the val-
uable assistance you have given us
to secure commutation rates be-
tween Joliet and Mokena and I am
sure that the publicity given thru
your valuable paper will secure for
us what we desire which I assure
you is appreciated by the residents
of Mokena and for which they are
very thankful.

I am enclosing herewith copy of
my letter of September 22nd to the
Illinois Commerce Commission
and from which you will note that
the Rock Island Railroad sells 46
ride school tickets between Mokena
and Midlothian.

The question arises, is the Rock
Island Railroad boycotting Joliet
and the Joliet High School? For
several years the residents of Mo-
kena have been sending their chil-
dren to Chicago High Schools; their

tuition was paid from the Joliet
High School fund levied in Will
County. If the Rock Island would
furnish school tickets between Mo-
kena and Joliet their cost for tu-
ition would have been paid to Jo-
liet High School.

I suggest that the County Super-
intendent of Schools furnish you
the figures showing how much has
been paid to Chicago High Schools
during the past five years.

Thanking you for your co-oper-
ation

Yours very truly,
L. G. Bruder.

Mr. Bruder says that the dis-
tance between Mokena and Joliet
is 10.7 miles and it seems to him
that rate of fare should not be
greater than between Chicago and
Longwood Manor 95th Street, Chi-
cago which are as follows:

25 ride tickets \$3.80
46 ride school ticket \$5.70
the distance between Chicago and
Longwood Manor is 10.9 miles.

The Rock Island will sell
school tickets between Mokena and
Midlothian at \$8.17 for 46 rides.
The distance is 11.7 miles.

One coat of CREO-DIPTS saves 12 coats of paint!

Before you paint—or build new—
phone us for an estimate on Creo-
Dipt side-walls and roof.

To us the amazing fact about Creo-
Dipts—apart from their beauty—is
that they save you more than you pay
for them.

On your old home, Creo-Dipts laid
right over the old siding save four coats
of paint in 5 years, or their entire cost.
They save fuel, too; make the house
warmer in winter, cooler in summer.

On a new home, Creo-Dipt roof and
side-walls cost no more. And in 20 years
they save 12 coats of paint, for genuine
Creo-Dipts are selected red cedar, stained
and preserved to reduce upkeep.

May we show you color booklet illus-
trating the wide range of attractive Creo-
Dipt colors?
